

# CAFETERIA SENSORY SUPPORT CARD SET

## CAFETERIA SENSORY SUPPORT NOTICE

---

This student has documented sensory accommodations related to cafeteria and lunchroom environments.

Possible supports may include:

- ☐ headphones/earplugs
- ☐ alternate seating
- ☐ reduced-noise area
- ☐ early/late lunch transition
- ☐ movement breaks
- ☐ reduced line exposure
- ☐ support person access
- ☐ sensory tools
- ☐ alternate eating location

These supports improve educational access and nervous system regulation.

## NOISE OVERLOAD CARD

---

The noise level is currently overwhelming my nervous system.

I may need:

- ☐ headphones
- ☐ earplugs
- ☐ quieter seating
- ☐ temporary break
- ☐ reduced verbal interaction
- ☐ alternate location

I am trying to regulate safely.

## FOOD SENSORY DIFFICULTY CARD

---

I am experiencing sensory difficulty related to food, smell, texture, temperature, or overwhelm.

This may affect:

- appetite
- nausea
- ability to eat
- emotional regulation
- sensory tolerance

Please allow flexibility and avoid drawing public attention to my eating.

## I NEED A QUIETER PLACE TO EAT

---

The cafeteria environment is currently too overstimulating for me to eat or regulate safely.

I am requesting access to an approved quieter eating location.

Approved locations:

- ☐ counseling office
  - ☐ library
  - ☐ support classroom
  - ☐ designated sensory space
  - ☐ other: \_\_\_\_\_
-

## LINE OVERLOAD CARD

---

Waiting in crowded or loud lines may cause sensory overload, panic, or shutdown.

Approved supports may include:

- ☐ early line access
- ☐ alternate line
- ☐ support staff assistance
- ☐ seated waiting
- ☐ shortened transition route

These accommodations support safe participation in school routines.

## SOCIAL OVERLOAD CARD

---

I am socially overwhelmed right now.

I may need:

- ☐ quiet
- ☐ reduced conversation
- ☐ physical space
- ☐ solo seating
- ☐ headphones
- ☐ lower interaction demands

Needing quiet does not mean I dislike others.

# I CANNOT EAT RIGHT NOW

This one is VERY important for kids who get pressured around food.

---

My nervous system is currently too overwhelmed for eating.

Possible causes may include:

- sensory overload
- anxiety
- nausea
- panic
- smell sensitivity
- shutdown
- distress

Please avoid pressuring me, commenting on my eating, or forcing explanation in public.

## HEADPHONES / EARPLUG ACCESS CARD

---

This student is approved to use sensory supports during lunch periods.

Approved supports:

- ☐ headphones
- ☐ ear defenders
- ☐ earplugs
- ☐ white noise/music
- ☐ sensory regulation tools

These accommodations improve regulation and accessibility.

## I NEED A BREAK BEFORE RETURNING TO CLASS

---

I am overloaded from the cafeteria environment and need brief regulation time before returning to instruction.

This may help prevent:

- shutdown
- meltdown
- panic
- emotional escalation
- inability to focus in class

Requested support:

- ☐ quiet hallway break
  - ☐ counselor stop
  - ☐ water break
  - ☐ sensory reset
  - ☐ movement break
-

## PLEASE DO NOT COMMENT ON MY FOOD

---

Comments about my eating, food choices, appetite, or sensory needs may increase distress.  
Please allow me to eat safely without public attention or pressure.

## SMELL OVERLOAD CARD

---

Strong smells are causing sensory overload or nausea.

I may need:

- ☐ distance from food area
- ☐ fresh air
- ☐ quieter location
- ☐ temporary break
- ☐ water
- ☐ mask access

Sensory reactions are neurological, not behavioral.

## CAFETERIA RED CARD, HIGH DISTRESS

---

I am in severe sensory overload.

Please:

- ☐ reduce demands
- ☐ allow me to leave temporarily
- ☐ contact support staff
- ☐ allow accommodations
- ☐ avoid public confrontation
- ☐ help me access a quieter space

My nervous system is overwhelmed.
